

BERKSHIRE COUNTY FLU CLINICS

The residents of Berkshire County have shown a strong commitment to do whatever it takes during the COVID-19 pandemic to not only protect their own health and safety, but their neighbors as well. Getting an influenza vaccine is another way to protect yourself and our community. While this vaccine won't prevent COVID-19, it will lessen your risk of getting the flu and reduce the strain on our local healthcare system.

Listed below is information regarding area flu clinics:
